BIBO

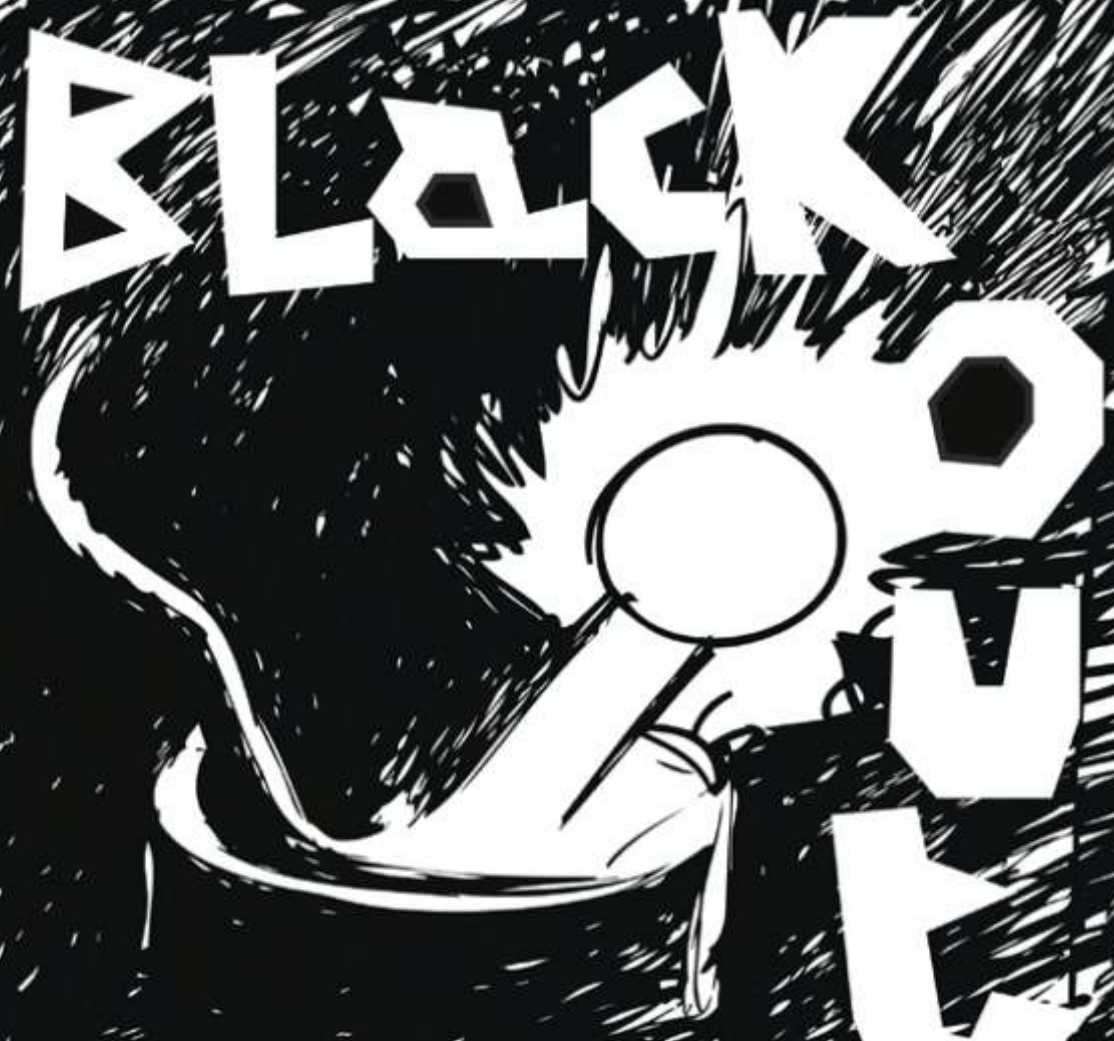

PATENT PENDING

Design by Telonius Whitehead

_BIBO È UN OGGETTO DAL DESIGN SEMPLICE, APPARENTEMENTE. DUE SFERE DI LUCE. PERCHÉ DUE? PER ILLUMINARE, QUELLA GRANDE. QUELLA PICCOLA, PER NON RIMANERE AVVOLTI NEL BUIO. SI ACCENDE AUTOMATICAMENTE IN CASO DI UN BLACK OUT OCCASIONALE; SI ESTRAE DALLA BASE E DIVENTA UNA TORCIA PER INOLTRARSI NELLA NOTTE SENZA AVERE PIÙ PAURA! BIBO, UN SUONO CHE SALTA E FA UNA CAPRIOLA. BI BO!

_BIBO IS AN OBJECT WITH AN APPARENTLY SIMPLE DESIGN. IT HAS TWO LIGHT "SPHERES". WHY TWO? THE LARGE SPHERE ILLUMINATES, WHILE THE LITTLE ONE PREVENTS YOU FROM SUDDENLY BEING LEFT IN COMPLETE DARKNESS: IT SWITCHES ON AUTOMATICALLY IN THE EVENT OF AN OCCASIONAL BLACK OUT. IF YOU TAKE IT FROM ITS BASE, YOU CAN USE IT AS A TORCH AND FACE THE NIGHT WITHOUT FEAR. THE WORD BIBO COMES FROM THE SOUND OF A JUMP AND OF GOING HEAD OVER HEELS: BI BO!
